

SARAH SHAHAB

Full Stack Web Developer | Aspiring AI Specialist

Karachi, Pakistan | Phone: 0332-3275346 | Email: sarahshahab2006@gmail.com

Portfolio: sar.framer.website | LinkedIn: linkedin.com/in/sarah-shahab-a50568266 | GitHub: github.com/sarahshahab12345

CAREER OBJECTIVE

Motivated BSCS student (3rd semester, KASBIT University) with a strong foundation in full stack web development, core programming (Java, Python), and computer networking. Experienced in applying AI tools within university projects and eager to build production-grade software while specializing further in Artificial Intelligence. Seeking a full stack development or AI-related internship/role to apply and expand technical skills.

EDUCATION

BSCS - Bachelor of Science in Computer Science (In Progress)

KASBIT (Khadim Ali Shah Bukhari Institute of Technology), Karachi - 3rd Semester (2025 - Present)

3 Years Advanced Diploma in Software Engineering

APTECH Computer Education (Affiliated with Sindh Technical Board Karachi)

Matriculation - A-1 Grade

Board of Secondary Education Karachi

TECHNICAL SKILLS

Programming: Java, Python, JavaScript

Frontend: HTML, CSS, JavaScript, React, Angular

Backend: Node.js, Express.js, REST API Integration

Database: MongoDB

Networking: Computer Networking Fundamentals, Cisco Packet Tracer (network design and simulation)

AI Tools: Applied AI tools (e.g. ChatGPT, Claude) for coding assistance, research, and university project development

Tools & Others: Git, GitHub, MS Office

PROFESSIONAL EXPERIENCE

Angular Developer Intern — Global Techno Soft, Karachi

December 2023 - July 2024

- Developed responsive front-end applications using Angular
- Worked on real-world web projects with a professional team
- Integrated APIs and improved UI performance

Rent Surveyor (Remote) — Yardi Matrix

September 2024 - January 2026

- Conducted rental market surveys via calls and online research
- Verified and maintained accurate rental data, pricing, and vacancy records
- Contributed to real estate data analysis and reporting

Student Relationship Officer (SRO) — APTECH, Karachi

September 2024 - December 2024

- Assisted students with academic queries and enrollment support
- Strengthened communication and relationship-building skills

ACADEMIC & PERSONAL PROJECTS

- Personal Portfolio Website - Built using Framer (sar.framer.website)
- Frontend Web Applications - Built using Angular and React

- Full Stack CRUD Applications - Built using Node.js, Express, and MongoDB
- Java & Python Coursework Projects - Applied core programming and problem-solving concepts from BSCS coursework
- Network Design Simulations - Designed and tested network topologies using Cisco Packet Tracer
- AI-Assisted Development - Used AI tools to accelerate research, debugging, and prototyping in coursework and personal projects

STRENGTHS

- Creative and Analytical Thinking
- Strong Communication Skills (Urdu & English)
- Fast Learner and Adaptable to New Technologies
- Problem Solving Ability
